

Fife Lake Village & Historical Society **COMMUNITY SERVICE SCHOLARSHIP PROGRAM**

January 18, 2018

The Fife Lake Area Historical Society and the Village of Fife Lake will once again sponsor the **Community Service Scholarship Program** for Forest Area high school students. Due to your generosity in 2016 we were able to raise enough money to give five \$1,000.00 scholarships. They went to Jacob Chase in 2016 and to Kyle Ingersoll, Delaney Peters, Kelsey Mills and Anne Nietling in 2017. Previous recipients of the **Community Service Scholarship Program** include Travis Birgy, Emma Durfee, Katie Johnson, Emily Gonyer, Danielle Johnne, Cody Kammeraad and Janay Smith.

By doing volunteer work, all students who participate in the **Community Service Scholarship Program** receive letters of commendation from the Historical Society and Village. These are useful in applying for financial aid for post high school education. Those students selected to continue in the scholarship program the second summer are awarded \$1,000.00 towards furthering their education if they successfully complete the program requirements.

With the help of our youth volunteers, we are able to have the Historical Museum, the Historic Schoolhouse, and the Fire Barn open to the public two days a week from Memorial Day through Labor Day. The Historical Society and the Village Council agree that keeping these buildings open is important to maintain the historical theme of the Village. Without student volunteers this would not be possible. Neither the Historical Society nor the Village provide funds for the scholarships. The Historical Society does the mailings requesting donations and the record keeping, but the money supporting this program relies entirely on the generosity of the Fife Lake area community.

For those who have donated in the past, a sincere thank you, and to all of you please consider making a donation to this worthy program which benefits both the community and our outstanding student volunteers.

Sincerely,

Joyce Freiwald, President

Marie Voice, Communications
